### Mayor Stoney's State of the City Address

The youth had the opportunity to meet and take pictures with the Mayor and Police Chief at the Mayor's State of the City Address on 1/31/23. This gave them a chance to hear firsthand what's going on in the city and plans for this year. One of the questions they have is, why are they going to be building new schools when they are talking about closing John Marshall which most of them attend now.

### Community Service

On one of those nice warm days we had in January, the youth did community service work helping out on the yard laying mulch, raking leaves, and trimming bushes.
